subtle - Bug #106

Mathematica crashes subtle (Yes, the issue is back).

Description

The issue fixed in 1289 is back. When opening the online help of Mathematica 6.0, subtle crashes. Strange thing, even my 'while true; do subtle; done' save-the-day-loop did not prevent me from having to restart my X session, as subtle could not connect to the display after this crash.

Let me know if I should provide any debug information.
