This is a problem with override redirect, at the moment I am not sure how subtle should handle these windows.

#3 - 12/14/2009 05:13 PM - Christoph Kappel

Actually I wouldn't say it's a bug, subtle must obey to the wish of clients to override redirect which forbids the wm managing this window. Therefore I will close this issue.

#4 - 12/14/2009 05:14 PM - Christoph Kappel

- Status changed from Unconfirmed to Rejected
