<b>Description</b> It would be nice to be able to set windows urgent with subtler. _NET_WM_STATE_DEMANDS_ATTENTION is listed as supported by subtle and subtler here <a href="http://subforge.org/projects/subtle/wiki/Hacking#EWMHICCCM-specifications">http://subforge.org/projects/subtle/wiki/Hacking#EWMHICCCM-specifications</a> , but there is no switch for it in subtler.
