Target version:				

Description
Fullscreen mode in smplayer doesn't work properly.

History

#1 - 06/28/2009 10:26 PM - Christoph Kappel

- % Done changed from 0 to 100

Problem was related to Qt: Qt checks the supported properties of the window manager and sends some client messages only when they are present in the _NET_SUPPORTED property.

#2 - 06/28/2009 10:27 PM - Christoph Kappel

- Status changed from Unconfirmed to Fixed
